Projects

The Rubbing Lamp *(Ruby on Rails, React)* - [Live](#) | [Github](#)
A single page crowdfunding platform inspired by Kickstarter
- Uploaded photos to AWS S3, using Paperclip gem for scalability
- Ensured database security by validating user authentication on the back-end with BCrpyt
- Constructed reusable, DRY React components, for code maintainability and scalability
- Enabled a responsive design with CSS Flexbox and media queries

DOMinate *(JavaScript)* - [Live](#) | [Github](#)
A recreation of the jQuery library written with vanilla JavaScript
- Created a lightweight library with methods mirroring jQuery
- Showcased the power of the library by adding and deleting todo items

Skills

Ruby | Rails | JavaScript | jQuery | React | Redux | HTML | CSS | SQL | TDD | Git | AWS

Work Experience

Front End Developer @ Genus Development Partners   02/17 – 10/17
- Transformed design mockups into engaging web pages with HTML, CSS, and JavaScript
- Utilized D3.js with SVGs to add data visualizations, promoting user experience
- Integrated Google Forms within hotel website to create automated inquiries

Introductory Teacher @ Beginner Programmers   10/16 – 01/17
- Led coding courses upwards of 100 students at Microsoft in New York
- Created [Intro to JavaScript videos](#) demonstrating data types, functions, and loops

Education

App Academy   11/17 – 02/18
Intensive full-stack web development course with < 3% acceptance rate

Beginner Programmers   03/16 – 07/16
Part-time web development course, specializing in high teacher-to-student ratios

University of Central Florida, Orlando   08/11 – 12/14
Bachelor of Fine Arts in Musical Theatre
